The Jamaica Hotel & Tourist Association (JHTA) is one of the two major national organizations in Jamaica which safeguards the interests of the tourism sector as well as those of you, the visitor; the other is the statutory Jamaica Tourist Board.

The membership comprises over 100 hotels including, of course, all major properties and several allied organizations. Apart from being a very influential trade association, it offers

many guest-related services to its members, like staff training and enhancement programs. Among its other activities, the JHTA keeps the Jamaican public informed about hotel and tourism developments and the importance of the visitor. The Association works with the Jamaica Tourist Board, airlines, tour operators and travel-related organizations, both locally and in your country, in the marketing of Jamaica's tourism attractions.

The JHTA wishes you a very happy vacation and sincerely hopes that you will make it Jamaica again.
